

3 - 7-1/2 HP Single or Three Phase Single and Two Stage Centrifugal Pumps

- The C22000 Series is a rugged pump built for extra performance.
- Nationally known NEMA JM motors.
- 3, 5 and 7-1/2 HP with single or three phase options.
- Electronically balanced brass impellers.
- Capacities to 8,580 gallons per hour. Pressures to 85 PSI
- 3" Suction

For Extra Performance

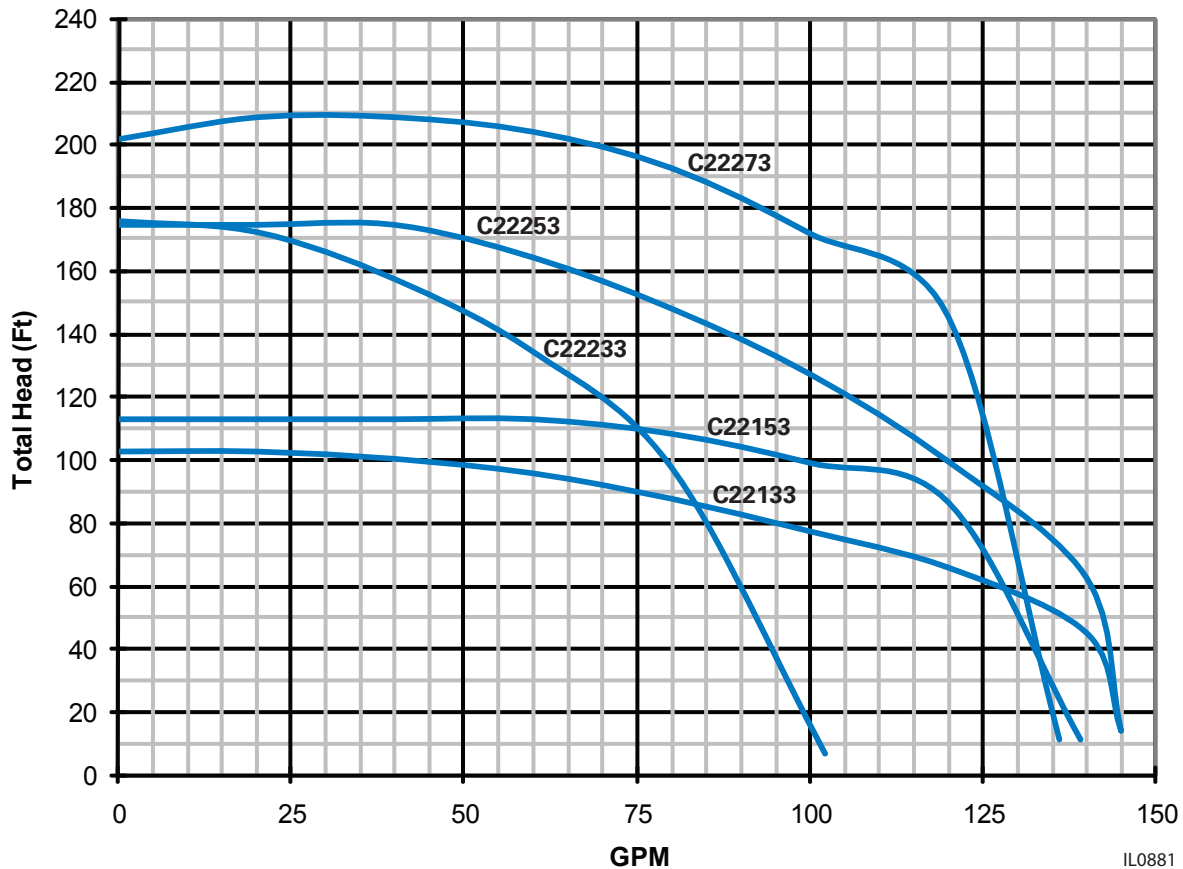

Product not exactly as shown

Ref No.	Description
1	Heavy-duty NEMA JM motor 3, 5, 7-1/2 HP
2	Heavy duty cast iron mounting ring
3	1-1/4" Rotary seal
4	Gasket
5	Heavy duty cast iron Intermediate stage

Ref No.	Description
6	Heavy duty cast iron body
7	Motor mounting bolts
8	Electronically balanced brass impellers
9	Brass impeller retainer and stainless steel lockscrew
10	Pump through bolts
